NOTICE

(October 3, 1996)

The Commission Docket section always has made available to the public copies of items filed with the Commission, on paper, and more recently on floppy disk. Interested persons now may obtain copies of certain information filed in electronic form on CD ROM. For example, the Commission can make available a CD containing both MC96-3 PRC-LR-1 and MC96-3 PRC-LR-2. Additionally, certain library references containing large data sets which were submitted on 9-track tape, have been successfully copied to CD ROM by the Commission, and may be obtained on request. Those requesting a CD ROM generally will be charged \$25.00, reflecting labor and materials costs.
